Every ISATA Sport Sedan is built to

order from a selection of standard features and options. The ISATA is designed to capitalize on engineering flexibility and features a 1" x 1½" aluminum cage substructure. This structurally superior, lightweight aluminum frame construction aids in fuel economy. Side walls and the one-piece fiberglass roof are radiused to improve aerodynamics, structural integrity and weather resistance. Advantages like component body construction permits DYNAMAX to implement on-going design improvements and to satisfy customer requirements with a variety of lengths. Exteriors are finished exclusively with base-coat/clear coat technology automotive paint for added luster and durability.

This roomy ISATA 250SL features leather captains chairs, standard queen Hide-a-Bed sofa, and a 19" color TV with video cassette player. Shown here with optional side dinette, white maple cabinetry, Corian® countertops, 8 cu. ft. refrigerator.

Windows feature tinted energy-saving "E-glass," and awning-style opening sections with screens. Window positions and sizes vary with floorplans.

Standard compass mirror shows directions and external temperature.

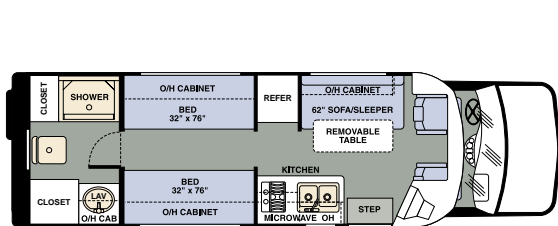

This inviting 252RB features a Sandcastle interior package, and is shown with optional Oak cabinetry.

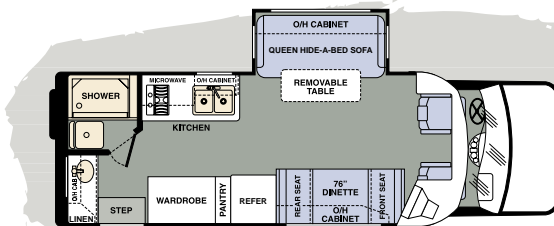

Push a button to extend living space over 19 sq. ft. – expansive enough to accommodate a standard queen Hide-a-Bed sofa. All ISATA slide-outs have level floors when extended.
